THE CITY OF DAYTON

HUMAN RELATIONS COUNCIL

The City of Dayton recently enacted a new Procurement Enhancement Program (PEP) which becomes effective on July 1, 2010. The City of Dayton spends over \$200 million annually on construction, supplies and services. We invite your company to become certified in the City's new PEP and to maximize the business opportunities that flow from having such certifications. We are excited about the business and contracting opportunities under the new PEP. The new PEP has certification and contracting opportunities for Small Business Enterprise (SBE), Minority Business Enterprise (MBE), Female Business Enterprise (FBE), and Dayton Small and Local Business Enterprise (DSLBE) in the areas of construction, supplies, and services including professional services. SBE, MBE and FBE certifications are limited to companies located within the State of Ohio. Under the special DSLBE program, certification is limited to companies located within the corporate limits of the City of Dayton. Here is an overview of the eligibility criteria for several of the PEP Initiatives:

SBE PROGRAMS	MBE and FBE PROGRAMS
<ul style="list-style-type: none"> Construction: (Average Annual Receipts of not more than \$33.5 Million) Services: Average Annual Receipts not more than \$15.0 Million Supplies: 100 or less employees Net Worth: \$750,000 (Excludes ownership equity in the business and individual's primary residence) 	<ul style="list-style-type: none"> Construction: (Average Annual Receipts of not more than \$33.5 Million) Services: Annual Receipts not more than \$15.0 Million Supplies: 100 or less employees Net Worth: \$750,000 (Excludes ownership equity in the business and individual's primary residence)
